The Leader Bindery is one of the best institutions of the kind in the West and is daily turning out large quantities of work. Send in your orders for binding and blank books and they will be promptly attended to.

The physical endurance test was a failure and the Wilson bill is practically a dead letter.

Two farmers in Indiana fell out over politics and had a duel with scythes. One was harvested.

SENATOR ALLEN wears the champion long distance belt for talk. His wind is good and his powers of endurance amazing.

The special session of congress will doubtless merge into the regular. This Democratic congress means at least to earn its salary.

When a member of congress calls another a liar and apologizes the next day it goes. There was a time when the member who called another a liar was not able to apologize the next day.

A church at Fostoria, Ohio has decided to purchase 400 little wine glasses, that each communicant may receive the wine out of a glass no other person had used in order to avoid microbes.

The Times-Journal publishes the complaint of Mr. M. K. Krassnick, alleging that John Brogan has alienated his wife's affections and made her forget her duty some \$4,900 worth. Mr. Brogan is a prominent capitalist of Oklahoma City and Perry, now candidate for mayor of the latter place.

STRAWSON which way the wind blows. Albert E. Pillsbury, the Republican nominee for governor of Massachusetts, has withdrawn. There is a luminous ray of good sense in Pillsbury's action. It's not a pleasant operation to stand up simply for the purpose of having your jacket dusted.

JUDGE LINDSEY entered last Saturday upon the duties as register of the United States land office at Guthrie. He is already showing his fitness for the position. He is thoroughly qualified, courteous in his manner and cannot fail to become popular with all whom he comes in contact in business of the office.—Kingfisher Times.

The Chicago Tribune, which is a Republican paper in good standing, contains the following statement in regard to pensions: There are men on the pension rolls receiving \$12 a month who never fired a shot, who never did anything to injure the enemy, who never saw a Confederate soldier and whose health to-day is just as good as it would have been had they never been mustered into service. It is an outrage on the tax payers that such things should be.

THE LEADER is recognized as the best advertising medium in the city and territory. It reaches all sections. Into every county, every town and village, and almost every postoffice in Oklahoma go copies of the Daily and Weekly LEADER. It has a considerable list of subscribers in the adjoining and Eastern states. In news, enterprise and circulation it is second to none, and has built itself into what it is on the outside it proposed to become—the LEADING NEWSPAPER IN OKLAHOMA. Our merchants, recognizing this fact, have loaded it to the gunwales with advertising, and their returns have been and are correspondingly large.

JUSTICE WHILE YOU WAIT.  
The work of Judge Scott, as printed in yesterday morning's LEADER, has been the topic of general conversation upon our streets. It is certainly phenomenal and, but for Chief Justice Dale's short term in that district, unprecedented. For the first time in over four years the lawyers of Norman are finding something to do. They have a judge who does business. In nine days and a half he disposed of 135 cases, clearing the docket of all but eleven. He broke the record of the West by hearing fifty trials in one day. Judge Scott is young, ambitious,

a fine lawyer and his capacity for work seems inexhaustible. He was in the city yesterday. He shows no sign of hard work or of having undergone anything like a strain on the contrary, he is fresh and bright as a dollar just minted. His work will remain a monument to his own industry. He entered a district where dockets were congested and moldering briefs almost "too highly heaped for truth to overpeer." He has already sent daylight shimmering through them. If he keeps the lick up in four months there will not be a case in the court of the Third judicial district.

In the meantime the lawyers wear broadcloth and smoke delicious Havanas, while litigants know whether they are afire or on horseback.

### THE CASE OF TERRILL.

The decision of the Kansas supreme court releasing Terrill on a writ of habeas corpus is causing considerable trouble in the Kansas courts. The decision raised the point that in the absence of the judge and without statutory authority, the clerk cannot continue a term of court. Judge Johnson's court of the Fourteenth judicial district had been sitting two weeks upon a term continued by authority of the clerk when the decision was handed down. He immediately declared all his findings invalid and started out to begin all over again.

It will cause endless difficulty in our courts. Lawyers are busy now searching the records in this district. Cases that have been tried and considered long since settled will be reopened, and no small amount of litigation will follow. Every act of any Oklahoma court held at such a term is invalid. Thus lawsuits upon lawsuits will arise, but the justice ought to be of a very good quality, since it will cost enough till we get it.

Everything must go. Auction will continue until stock is closed out. E. T. Patton & Co.

### FAIR EXCURSIONISTS KILLED.

A Heavily Loaded Railway Train Wrecked and Seventeen Lives Lost. JACKSON, Mich., Oct. 14.—As a direct result of the policy of the railroads of the country in refusing low rates to the world's fair at an early period, thus forcing the people to go there in a mass, the lives were crushed out of seventeen passengers in an instant at the depot here yesterday morning and probably fifty-two persons were maimed, many of whom will either succumb to their injuries or be crippled for life.

The Oswego special on the Michigan Central railroad was made up into two sections because of the demand of intending world's fair visitors for room, hundreds who might have gone months ago having delayed until this time in the hope of securing better excursion rates than had been offered heretofore. The two sections were running only a few minutes apart.

The first section of the special was lying on the main track just east of the depot here at 9:40 o'clock and the passengers were either crowded into the dining car or still asleep when the second section dashed up from behind.

The next moment the engine of the second section crashed with awful force into the rear of the first section, and before it stopped two cars had been completely destroyed and fully seventy people in them either killed or injured.

As soon as possible the work of relief began. In twenty minutes six dead bodies, all horribly mangled, had been taken from the debris, and the work was only begun. When the wreck had been cleared away it was found that seventeen bodies required only burial and that fifty-two people were in need of surgical attention.

Engineer Whalen of the second section, who was badly burned and one of whose legs was broken, said: "I saw the signal in the yard to keep back and had my engine in hand, as I thought, but when I came down near the train which was still, my air brake would not work and I ran into the coaches. The failure of the air brake made it impossible to stop. I never had such an experience before."

KIDNAPPING AT TOPEKA.

A Young Boy Boldly Carried Off—Thieves Make a Unique Hunt. TOPEKA, Kan., Oct. 14.—Freddie Markham, the 12-year-old son of I. Markham, a blacksmith living in the suburbs, was stolen last evening by a man passing in a wagon. The boy's brother pursued the kidnapper as far as Silver Lake, but failed to overtake him. Sheriff Wilkerson and others are in pursuit.

## WHERE IS S. WILLIAMS?

HIS WIFE WANTS SOME INFORMATION.

Frank Nicholson's Relatives May Desire Knowledge—About Men Who Went to the Strip and Never Returned.

The following letter was received in this city yesterday. It regards Sam Williams, who is among the missing. The letter was written by Mrs. Oley Williams and is self-explanatory:

PLAINFIELD, Mo., Oct. 10.—DEAR SIR: One Sam Williams, who is about 28 years old and weighs about 135 pounds, is about five feet six inches high, dark complexioned, has drooping eyelids from sore eyes, has end cut off of second finger on left hand; had on blue suit with straw hat, sailor style, when he left; lived in Guthrie two years ago. In the bottom south of town near Colonel Withers', dealt with Hopkins Bros. When last seen he was at the booth near Arkansas City, about 12 o'clock on the night of the 15th of September. He was aiming to run for a claim.

Anyone knowing anything of his whereabouts, either dead or alive, will be well rewarded by addressing C. G. Bradford or Mrs. Oley Williams, Plainfield, Mo. Williams was well acquainted in Guthrie.

DO HIS RELATIVES RESIDE HERE? A man named Frank Nicholson was killed by a premature blast while digging a well on a claim south of Oklahoma City last Tuesday. He was a single man and went to the strip from Stafford county, Kansas. It is said Nicholson's relatives reside in Guthrie. If this is the case they should place themselves in communication with Mrs. B. E. England, Caldwell, Kan., regarding his death and burial.

Everything must go. Auction will continue until stock is closed out. E. T. Patton & Co.

### THE SOUTHERN STORM.

Wings go Down and no Particulars are Obtained. NASHVILLE, Tenn., Oct. 14.—A dispatch received from Atlanta, says: The wires are all down between Jacksonville, Fla. The greatest force of the storm was felt on the coast near Tampa.

Charleston is two feet under water from Rutte street. The damage to the Charleston water front cannot be estimated yet. It was crowded with cotton. Nothing has been heard from islands on the Carolina coast.

All wires into Charleston are down. The storm did little damage in Savannah. The lower part of the city is covered with water.

SAVANNAH, Ga., Oct. 14.—The heavy blow that threatened Savannah was fagged out when it arrived. The maximum velocity of the wind from five minute records was forty-two miles an hour. The storm center passed here between 3 and 4 o'clock without any damage. Reports have been received yet from the coast, but it is not believed that there is any serious loss.

Washouts are numerous and the losses to the companies very heavy. No train has arrived here from St. Augustine and the Indian river country for the past forty-eight hours, and no tidings of the trains can be received here.

Reports from New Smyrna state the storm played havoc with that place, houses being blown away and other damage being done. Mayport, a town at the mouth of the St. Johns river, came near being washed away. The sea was higher and angrier than ever known before, and eight houses on the beach were swept away.

### GIVEN FIFTY LASHES.

Territory Tramps Given Severe Punishment by Railroad Bridge-men. McALISTER, Ind. Ter., Oct. 11.—At Fort Gibson yesterday, some bridge-men were side-tracked in a bridge car. After their day's work was over, they looked up their car and went up town. On their return they found the car door broken open and several watches and other property missing. Supposing the thieves to be tramps, the boys started in pursuit on a hand-car, over-taking two tramps a few miles from town.

The missing articles were all recovered and a novel punishment was inflicted. The boys cut a lot of blacky switches and the stalwart foreman administered to each culprit fifty lashes on the bare back and then gave them an opportunity to get away. They made railroad time getting out of sight.

Not Responding Freely.

TOPEKA, Kan., Oct. 14.—The efforts of the A. O. U. W. lodges of Kansas to collect funds for the purchase of seed wheat for destitute members of the order in Western Kansas have resulted in a total contribution up to this time of only \$1,023, which is less than one-fourth of the amount desired.

Maber and O'Brien Are Matched.

ST. PAUL, Minn., Oct. 14.—Shadow Maber and Dick O'Brien yesterday signed to fight to a finish the first week in December, before the Boston Crib athletic club, for a purse of \$2,500, the winner to take all. They will fight at 145 pounds.

Everything must go. Auction will continue until stock is closed out. E. T. Patton & Co.

Don't be Modest. Many a good item of news is lost to the newspaper by the modesty of the people who hesitate to tell a reporter of matters concerning themselves. Not that they do not want it to appear in print, but they are afraid they would be pushing themselves forward. That is wrong. From a reportorial standpoint the man who will stop a newspaper reporter on the street and inform him that he has been to Chicago, that he is going to get married, or that his wife entertained friends from a distance, is the dearest man on earth. May his life increase through-out the world.
